## Safety Data Sheet Full Spectrum Berries CBD Tincture - 5000mg

---

### SECTION 1: Identification

#### 1.1 Product identifier

Product name Full Spectrum Berries CBD Tincture - 5000mg

#### 1.2 Other means of identification

Not applicable

#### 1.3 Recommended use of the chemical and restrictions on use

Full spectrum CBD tincture. For specific intended-use guidance, please refer to the information provided on the package or instruction sheet.

#### 1.4 Supplier's details

Name Canna River, LLC  
Address 2535 Conejo Spectrum St.  
Thousand Oaks, CA 91320  
USA

Telephone 805-375-2777

#### 1.5 Emergency phone number(s)

805-375-2777

---

### SECTION 2: Hazard identification

#### 2.1 Classification of the substance or mixture

GHS classification in accordance with: (US) OSHA (29 CFR 1910.1200)

- Toxic to reproduction, Cat. 2

#### 2.2 GHS label elements, including precautionary statements

##### Pictogram

##### Signal word

Warning

##### Hazard statement(s)

H361

Suspected of damaging fertility or the unborn child

##### Precautionary statement(s)

P201

Obtain special instructions before use.

P202

Do not handle until all safety precautions have been read and understood.

P280

Wear protective gloves/protective clothing/eye protection/face protection.

P308+P313

IF exposed or concerned: Get medical advice/attention.

P405  
P501

Store locked up.  
Dispose of contents/container in accordance with applicable Federal, State and local laws and regulations.

### 2.3 Hazards not otherwise classified (HNOC)

No data available

---

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Not applicable.

### 3.2 Mixtures

#### Components\*

Component	Concentration
Natural Flavors - Berries	10-12 %
Cannabidiol (CAS no.: 13956-29-1)	9-11 %
Delta-9-Tetrahydrocannabinol (CAS no.: 1972-08-3)	<0.3 %

\*The specific chemical identities and/or actual concentrations for one or more listed components are being withheld as trade secrets under the US regulation 29 CFR 1910.1200(i).

---

## SECTION 4: First-aid measures

### 4.1 Description of necessary first-aid measures

If inhaled	Remove to fresh air and promote deep breathing. Get medical attention if effects persist.
In case of skin contact	Get medical attention if irritation or rash develops or persists. Wash with plenty of soap and water.
In case of eye contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical attention.
If swallowed	Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.

### 4.2 Most important symptoms/effects, acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11.

If inhaled	No adverse effects are normally expected.
In case of skin contact	No adverse effects are normally expected. May cause an allergic skin reaction in highly susceptible individuals. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.

In case of eye contact	May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.
If swallowed	May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.
Chronic exposure	Suspected of damaging fertility or the unborn child.

**4.3 Indication of immediate medical attention and special treatment needed, if necessary**  
Treat symptomatically.

---

**SECTION 5: Fire-fighting measures**

**5.1 Suitable extinguishing media**  
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**5.2 Specific hazards arising from the chemical**  
No data available.

**5.3 Special protective actions for fire-fighters**  
Wear self-contained breathing apparatus for firefighting if necessary.

**Further information**  
No data available

---

**SECTION 6: Accidental release measures**

**6.1 Personal precautions, protective equipment and emergency procedures**  
Wear personal protection recommended in Section 8. Ensure adequate ventilation.

**6.2 Environmental precautions**  
Do not release into the environment.

**6.3 Methods and materials for containment and cleaning up**  
Soak up with inert absorbent material and dispose in accordance with applicable Federal, State and local laws and regulations.

**Reference to other sections**  
For disposal see section 13.

---

**SECTION 7: Handling and storage**

**7.1 Precautions for safe handling**  
Handle in accordance with good industrial hygiene and safety practices. Avoid contact with eyes. Avoid repeated or prolonged contact with skin. Keep out of reach of children.

**7.2 Conditions for safe storage, including any incompatibilities**  
Keep container tightly closed in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

**Specific end use(s)**  
Apart from the uses mentioned in section 1 no other specific uses are stipulated.

---

**SECTION 8: Exposure controls/personal protection**

**8.1 Control parameters**

No applicable substance specific occupational exposure limits

**8.2 Appropriate engineering controls**

Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.

**8.3 Individual protection measures, such as personal protective equipment (PPE)**

**Eye/face protection**

Safety glasses are recommended if eye exposure risk exists during product handling/processing.

**Skin protection**

Protective gloves, such as nitrile gloves, are recommended in case of prolonged/repeated exposure during product handling/processing.

**Body protection**

The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

**Respiratory protection**

Provide adequate ventilation. Respiratory protection is not required under normal use conditions. If engineering controls and ventilation are not sufficient to control exposure to below the allowable limits then an appropriate NIOSH/MSHA approved air-purifying respirator with organic vapor/acid gas cartridge and particulate filter, or self-contained breathing apparatus must be used.

**Thermal hazards**

No data available.

**Environmental exposure controls**

Do not release into the environment.

---

**SECTION 9: Physical and chemical properties**

**Information on basic physical and chemical properties**

Appearance/form (physical state, color, etc.)	Clear yellow hue to amber liquid.
Odor	Characteristic.
Odor threshold	No data available.
pH	No data available.
Melting point/freezing point	No data available.
Initial boiling point and boiling range	No data available.
Flash point	No data available.
Evaporation rate	No data available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability limits	No data available.
Upper/lower explosive limits	No data available.
Vapor pressure	No data available.
Vapor density	No data available.
Relative density	No data available.
Density	No data available.
Solubility(ies)	Not miscible or difficult to mix with water.
Partition coefficient: n-octanol/water	No data available.
Auto-ignition temperature	No data available.

Decomposition temperature  
Viscosity  
Explosive properties  
Oxidizing properties

No data available.  
No data available.  
Not explosive.  
Not oxidizing.

**Other safety information**  
No data available.

---

## **SECTION 10: Stability and reactivity**

### **10.1 Reactivity**

Non-reactive under normal use conditions.

### **10.2 Chemical stability**

Stable under normal storage conditions.

### **10.3 Possibility of hazardous reactions**

No data available.

### **10.4 Conditions to avoid**

Keep away from incompatible materials.

### **10.5 Incompatible materials**

Strong oxidizers, acids, bases.

### **10.6 Hazardous decomposition products**

No data available.

---

## **SECTION 11: Toxicological information**

### **Information on toxicological effects**

Likely Routes of Exposure: Eye contact. Skin contact. Inhalation. Ingestion.

If inhaled

No adverse effects are normally expected.

In case of skin contact

No adverse effects are normally expected. May cause an allergic skin reaction in highly susceptible individuals. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.

In case of eye contact

May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.

If swallowed

May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.

Chronic exposure

Suspected of damaging fertility or the unborn child.

### **Acute toxicity**

Based on available data, classification data are not met

### **Skin corrosion/irritation**

Based on available data, classification data are not met

**Serious eye damage/irritation**

Based on available data, classification data are not met

**Respiratory or skin sensitization**

No data available

**Germ cell mutagenicity**

No data available

**Carcinogenicity**

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

**Reproductive toxicity**

Suspected of damaging fertility or the unborn child

Components:

Product contains Cannabidiol (CAS no.: 13956-29-1), which is suspected of damaging fertility or the unborn child.

**STOT-single exposure**

No data available

**STOT-repeated exposure**

No data available

**Aspiration hazard**

Based on available data, classification data are not met

---

**SECTION 12: Ecological information**

**Toxicity**

No data available on product.

**Persistence and degradability**

No data available on product.

**Bioaccumulative potential**

No data available on product.

**Mobility in soil**

No data available on product.

**Results of PBT and vPvB assessment**

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted.

**Other adverse effects**

No ecological problems are to be expected when the product is handled and used with due care and attention.

---

## SECTION 13: Disposal considerations

### Disposal of the product

Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

### Disposal of contaminated packaging

Dispose of as unused product.

---

## SECTION 14: Transport information

### DOT (US)

Not dangerous goods

### IMDG

Not dangerous goods

### IATA

Not dangerous goods

---

## SECTION 15: Regulatory information

### 15.1 Safety, health and environmental regulations specific for the product in question

#### SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

#### SARA 311/312 Hazards

Chronic health hazard.

#### SARA 313 Components

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

#### HMIS Rating

Full Spectrum Berries CBD Tincture - 5000mg	
HEALTH	0*
FLAMMABILITY	1
PHYSICAL HAZARD	0

#### NFPA Rating

---

## SECTION 16: Other information

**16.1 Further information/disclaimer**

Date of issue: October 21, 2021.

DISCLAIMER: The information above is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigation to determine the suitability of information for their particular purposes. All materials may present unknown hazards and should be used with caution. In no event shall we be held liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, whatsoever arising, even if we have been advised of the possibility of such damages.

## SECTION 4: First-aid measures

### 4.1 Description of necessary first-aid measures

If inhaled	Remove to fresh air and promote deep breathing. Get medical attention if effects persist.
In case of skin contact	Get medical attention if irritation or rash develops or persists. Wash with plenty of soap and water.
In case of eye contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical attention.
If swallowed	Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.

### 4.2 Most important symptoms/effects, acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11.

If inhaled	No adverse effects are normally expected.
In case of skin contact	May cause an allergic skin reaction. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.
In case of eye contact	May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.
If swallowed	May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.
Chronic exposure	Suspected of damaging fertility or the unborn child.

**4.3 Indication of immediate medical attention and special treatment needed, if necessary**  
Treat symptomatically.

---

**SECTION 5: Fire-fighting measures**

**5.1 Suitable extinguishing media**  
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**5.2 Specific hazards arising from the chemical**  
No data available.

**5.3 Special protective actions for fire-fighters**  
Wear self-contained breathing apparatus for firefighting if necessary.

**Further information**  
No data available

---

**SECTION 6: Accidental release measures**

**6.1 Personal precautions, protective equipment and emergency procedures**  
Wear personal protection recommended in Section 8. Ensure adequate ventilation.

**6.2 Environmental precautions**  
Do not release into the environment.

**6.3 Methods and materials for containment and cleaning up**  
Soak up with inert absorbent material and dispose in accordance with applicable Federal, State and local laws and regulations.

**Reference to other sections**  
For disposal see section 13.

---

**SECTION 7: Handling and storage**

**7.1 Precautions for safe handling**  
Handle in accordance with good industrial hygiene and safety practices. Avoid contact with eyes. Avoid repeated or prolonged contact with skin. Keep out of reach of children.

**7.2 Conditions for safe storage, including any incompatibilities**

Keep container tightly closed in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

**Specific end use(s)**

Apart from the uses mentioned in section 1 no other specific uses are stipulated.

---

**SECTION 8: Exposure controls/personal protection**

**8.1 Control parameters**

No applicable substance specific occupational exposure limits

**8.2 Appropriate engineering controls**

Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.

**8.3 Individual protection measures, such as personal protective equipment (PPE)**

**Eye/face protection**

Safety glasses are recommended if eye exposure risk exists during product handling/processing.

**Skin protection**

Protective gloves, such as nitrile gloves, are recommended in case of prolonged/repeated exposure during product handling/processing.

**Body protection**

The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

**Respiratory protection**

Provide adequate ventilation. Respiratory protection is not required under normal use conditions. If engineering controls and ventilation are not sufficient to control exposure to below the allowable limits then an appropriate NIOSH/MSHA approved air-purifying respirator with organic vapor/acid gas cartridge and particulate filter, or self-contained breathing apparatus must be used.

**Thermal hazards**

No data available.

**Environmental exposure controls**

Do not release into the environment.

---

**SECTION 9: Physical and chemical properties**

**Information on basic physical and chemical properties**

Appearance/form (physical state, color, etc.)	Pink hue to amber liquid.
Odor	Characteristic.
Odor threshold	No data available.
pH	No data available.
Melting point/freezing point	No data available.

Evaporation rate	No data available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability limits	No data available.

Upper/lower explosive limits	No data available.
Vapor pressure	No data available.
Vapor density	No data available.
Relative density	No data available.
Density	No data available.
Solubility(ies)	Not miscible or difficult to mix with water.
Partition coefficient: n-octanol/water	No data available.
Auto-ignition temperature	No data available.
Decomposition temperature	No data available.
Viscosity	No data available.
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.

**Other safety information**

No data available.

---

**SECTION 10: Stability and reactivity**

**10.1 Reactivity**

Non-reactive under normal use conditions.

**10.2 Chemical stability**

Stable under normal storage conditions.

**10.3 Possibility of hazardous reactions**

No data available.

**10.4 Conditions to avoid**

Keep away from incompatible materials.

**10.5 Incompatible materials**

Strong oxidizers, acids, bases.

**10.6 Hazardous decomposition products**

No data available.

---

**SECTION 11: Toxicological information**

**Information on toxicological effects**

Likely Routes of Exposure: Eye contact. Skin contact. Inhalation. Ingestion.

If inhaled No adverse effects are normally expected.

In case of skin contact May cause an allergic skin reaction. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.

In case of eye contact May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.

If swallowed May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.

Chronic exposure

Suspected of damaging fertility or the unborn child.

**Acute toxicity**

Based on available data, classification data are not met

**Skin corrosion/irritation**

Based on available data, classification data are not met

**Serious eye damage/irritation**

Based on available data, classification data are not met

**Respiratory or skin sensitization**

May cause an allergic skin reaction

**Germ cell mutagenicity**

No data available

**Carcinogenicity**

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

**Reproductive toxicity**

Suspected of damaging fertility or the unborn child

Components:

Product contains Cannabidiol (CAS no.: 13956-29-1), which is suspected of damaging fertility or the unborn child.

**STOT-single exposure**

No data available

**STOT-repeated exposure**

No data available

**Aspiration hazard**

## SECTION 4: First-aid measures

### 4.1 Description of necessary first-aid measures

If inhaled	Remove to fresh air and promote deep breathing. Get medical attention if effects persist.
In case of skin contact	Get medical attention if irritation or rash develops or persists. Wash with plenty of soap and water.
In case of eye contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical attention.
If swallowed	Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.

### 4.2 Most important symptoms/effects, acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11.

If inhaled	No adverse effects are normally expected.
In case of skin contact	May cause an allergic skin reaction. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.
In case of eye contact	May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.
If swallowed	May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.
Chronic exposure	Suspected of damaging fertility or the unborn child.

**4.3 Indication of immediate medical attention and special treatment needed, if necessary**  
Treat symptomatically.

---

**SECTION 5: Fire-fighting measures**

**5.1 Suitable extinguishing media**  
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**5.2 Specific hazards arising from the chemical**  
No data available.

**5.3 Special protective actions for fire-fighters**  
Wear self-contained breathing apparatus for firefighting if necessary.

**Further information**  
No data available

---

**SECTION 6: Accidental release measures**

**6.1 Personal precautions, protective equipment and emergency procedures**  
Wear personal protection recommended in Section 8. Ensure adequate ventilation.

**6.2 Environmental precautions**  
Do not release into the environment.

**6.3 Methods and materials for containment and cleaning up**  
Soak up with inert absorbent material and dispose in accordance with applicable Federal, State and local laws and regulations.

**Reference to other sections**  
For disposal see section 13.

---

**SECTION 7: Handling and storage**

**7.1 Precautions for safe handling**  
Handle in accordance with good industrial hygiene and safety practices. Avoid contact with eyes. Avoid repeated or prolonged contact with skin. Keep out of reach of children.

**7.2 Conditions for safe storage, including any incompatibilities**

Keep container tightly closed in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

**Specific end use(s)**

Apart from the uses mentioned in section 1 no other specific uses are stipulated.

---

**SECTION 8: Exposure controls/personal protection**

**8.1 Control parameters**

No applicable substance specific occupational exposure limits

**8.2 Appropriate engineering controls**

Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.

**8.3 Individual protection measures, such as personal protective equipment (PPE)**

**Eye/face protection**

Safety glasses are recommended if eye exposure risk exists during product handling/processing.

**Skin protection**

Protective gloves, such as nitrile gloves, are recommended in case of prolonged/repeated exposure during product handling/processing.

**Body protection**

The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

**Respiratory protection**

Provide adequate ventilation. Respiratory protection is not required under normal use conditions. If engineering controls and ventilation are not sufficient to control exposure to below the allowable limits then an appropriate NIOSH/MSHA approved air-purifying respirator with organic vapor/acid gas cartridge and particulate filter, or self-contained breathing apparatus must be used.

**Thermal hazards**

No data available.

**Environmental exposure controls**

Do not release into the environment.

---

**SECTION 9: Physical and chemical properties**

**Information on basic physical and chemical properties**

Appearance/form (physical state, color, etc.)	Clear yellow hue to amber liquid.
Odor	Characteristic.
Odor threshold	No data available.
pH	No data available.
Melting point/freezing point	No data available.
Initial boiling point and boiling range	No data available.
Flash point	No data available.
Evaporation rate	No data available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability limits	No data available.

Upper/lower explosive limits	No data available.
Vapor pressure	No data available.
Vapor density	No data available.
Relative density	No data available.
Density	No data available.
Solubility(ies)	Not miscible or difficult to mix with water.
Partition coefficient: n-octanol/water	No data available.
Auto-ignition temperature	No data available.
Decomposition temperature	No data available.
Viscosity	No data available.
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.

**Other safety information**

No data available.

---

**SECTION 10: Stability and reactivity**

**10.1 Reactivity**

Non-reactive under normal use conditions.

**10.2 Chemical stability**

Stable under normal storage conditions.

**10.3 Possibility of hazardous reactions**

No data available.

**10.4 Conditions to avoid**

Keep away from incompatible materials.

**10.5 Incompatible materials**

Strong oxidizers, acids, bases.

**10.6 Hazardous decomposition products**

No data available.

---

**SECTION 11: Toxicological information**

**Information on toxicological effects**

Likely Routes of Exposure: Eye contact. Skin contact. Inhalation. Ingestion.

If inhaled No adverse effects are normally expected.

In case of skin contact May cause an allergic skin reaction. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.

In case of eye contact May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.

If swallowed May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.

Chronic exposure

Suspected of damaging fertility or the unborn child.

**Acute toxicity**

Based on available data, classification data are not met

**Skin corrosion/irritation**

Based on available data, classification data are not met

**Serious eye damage/irritation**

Based on available data, classification data are not met

**Respiratory or skin sensitization**

May cause an allergic skin reaction

**Germ cell mutagenicity**

No data available

**Carcinogenicity**

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

**Reproductive toxicity**

Suspected of damaging fertility or the unborn child

Components:

Product contains Cannabidiol (CAS no.: 13956-29-1), which is suspected of damaging fertility or the unborn child.

**STOT-single exposure**

No data available

**STOT-repeated exposure**

No data available

**Aspiration hazard**

Based on available data, classification data are not met

---

**SECTION 12: Ecological information**

**Toxicity**

No data available on product.

**Persistence and degradability**

No data available on product.

**Bioaccumulative potential**

No data available on product.

**Mobility in soil**

No data available on product.

**Results of PBT and vPvB assessment**

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted.

**Other adverse effects**

No ecological problems are to be expected when the product is handled and used with due care and attention.

---

**SECTION 13: Disposal considerations**

**Disposal of the product**

Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

**Disposal of contaminated packaging**

Dispose of as unused product.

---

**SECTION 14: Transport information**

**DOT (US)**

Not dangerous goods

**IMDG**

Not dangerous goods

**IATA**

Not dangerous goods

---

**SECTION 15: Regulatory information**

**15.1 Safety, health and environmental regulations specific for the product in question**

**SARA 302 Components**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 311/312 Hazards**

Acute and Chronic health hazards.

**SARA 313 Components**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**HMIS Rating**

Full Spectrum Lemon Raspberry CBD Tincture - 5000mg	
HEALTH	2*

## Safety Data Sheet Full Spectrum Lemon Lime CBD Tincture - 5000mg

---

### SECTION 1: Identification

#### 1.1 Product identifier

Product name Full Spectrum Lemon Lime CBD Tincture - 5000mg

#### 1.2 Other means of identification

Not applicable

#### 1.3 Recommended use of the chemical and restrictions on use

Full spectrum CBD tincture. For specific intended-use guidance, please refer to the information provided on the package or instruction sheet.

#### 1.4 Supplier's details

Name Canna River, LLC  
Address 2535 Conejo Spectrum St.  
Thousand Oaks, CA 91320  
USA

Telephone 805-375-2777

#### 1.5 Emergency phone number(s)

805-375-2777

---

### SECTION 2: Hazard identification

#### 2.1 Classification of the substance or mixture

GHS classification in accordance with: (US) OSHA (29 CFR 1910.1200)

- Sensitization, skin, Cat. 1
- Toxic to reproduction, Cat. 2

#### 2.2 GHS label elements, including precautionary statements

##### Pictogram

##### Signal word

Warning

##### Hazard statement(s)

H317  
H361

May cause an allergic skin reaction  
Suspected of damaging fertility or the unborn child

##### Precautionary statement(s)

P201  
P202

Obtain special instructions before use.  
Do not handle until all safety precautions have been read and understood.

P261	Avoid breathing fume/gas/mist/vapors/spray.
P272	Contaminated work clothing must not be allowed out of the workplace.
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P302+P352	IF ON SKIN: Wash with plenty of water.
P308+P313	IF exposed or concerned: Get medical advice/attention.
P333+P313	If skin irritation or rash occurs: Get medical advice/attention.
P363	Wash contaminated clothing before reuse.
P405	Store locked up.
P501	Dispose of contents/container in accordance with applicable Federal, State and local laws and regulations.

### 2.3 Hazards not otherwise classified (HNOC)

No data available

---

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Not applicable.

### 3.2 Mixtures

#### Components\*

Component	Concentration
Natural Flavors - Lemon Lime	11-13 %
Cannabidiol (CAS no.: 13956-29-1)	9-11 %
Delta-9-Tetrahydrocannabinol (CAS no.: 1972-08-3)	<0.3 %

\*The specific chemical identities and/or actual concentrations for one or more listed components are being withheld as trade secrets under the US regulation 29 CFR 1910.1200(i).

---

## SECTION 4: First-aid measures

### 4.1 Description of necessary first-aid measures

If inhaled	Remove to fresh air and promote deep breathing. Get medical attention if effects persist.
In case of skin contact	Get medical attention if irritation or rash develops or persists. Wash with plenty of soap and water.
In case of eye contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical attention.
If swallowed	Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.

### 4.2 Most important symptoms/effects, acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11.

If inhaled	No adverse effects are normally expected.
In case of skin contact	May cause an allergic skin reaction. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.
In case of eye contact	May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.
If swallowed	May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.
Chronic exposure	Suspected of damaging fertility or the unborn child.

**4.3 Indication of immediate medical attention and special treatment needed, if necessary**  
Treat symptomatically.

---

**SECTION 5: Fire-fighting measures**

**5.1 Suitable extinguishing media**

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**5.2 Specific hazards arising from the chemical**

No data available.

**5.3 Special protective actions for fire-fighters**

Wear self-contained breathing apparatus for firefighting if necessary.

**Further information**

No data available

---

**SECTION 6: Accidental release measures**

**6.1 Personal precautions, protective equipment and emergency procedures**

Wear personal protection recommended in Section 8. Ensure adequate ventilation.

**6.2 Environmental precautions**

Do not release into the environment.

**6.3 Methods and materials for containment and cleaning up**

Soak up with inert absorbent material and dispose in accordance with applicable Federal, State and local laws and regulations.

**Reference to other sections**

For disposal see section 13.

---

**SECTION 7: Handling and storage**

**7.1 Precautions for safe handling**

Handle in accordance with good industrial hygiene and safety practices. Avoid contact with eyes. Avoid repeated or prolonged contact with skin. Keep out of reach of children.

**7.2 Conditions for safe storage, including any incompatibilities**

Keep container tightly closed in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

**Specific end use(s)**

Apart from the uses mentioned in section 1 no other specific uses are stipulated.

---

**SECTION 8: Exposure controls/personal protection**

**8.1 Control parameters**

No applicable substance specific occupational exposure limits

**8.2 Appropriate engineering controls**

Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.

**8.3 Individual protection measures, such as personal protective equipment (PPE)**

**Eye/face protection**

Safety glasses are recommended if eye exposure risk exists during product handling/processing.

**Skin protection**

Protective gloves, such as nitrile gloves, are recommended in case of prolonged/repeated exposure during product handling/processing.

**Body protection**

The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

**Respiratory protection**

Provide adequate ventilation. Respiratory protection is not required under normal use conditions. If engineering controls and ventilation are not sufficient to control exposure to below the allowable limits then an appropriate NIOSH/MSHA approved air-purifying respirator with organic vapor/acid gas cartridge and particulate filter, or self-contained breathing apparatus must be used.

**Thermal hazards**

No data available.

**Environmental exposure controls**

Do not release into the environment.

---

**SECTION 9: Physical and chemical properties**

**Information on basic physical and chemical properties**

Appearance/form (physical state, color, etc.)	Clear yellow hue to amber liquid.
Odor	Characteristic.
Odor threshold	No data available.
pH	No data available.
Melting point/freezing point	No data available.
Initial boiling point and boiling range	No data available.
Flash point	No data available.
Evaporation rate	No data available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability limits	No data available.

Upper/lower explosive limits	No data available.
Vapor pressure	No data available.
Vapor density	No data available.
Relative density	No data available.
Density	No data available.
Solubility(ies)	Not miscible or difficult to mix with water.
Partition coefficient: n-octanol/water	No data available.
Auto-ignition temperature	No data available.
Decomposition temperature	No data available.
Viscosity	No data available.
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.

**Other safety information**

No data available.

---

**SECTION 10: Stability and reactivity**

**10.1 Reactivity**

Non-reactive under normal use conditions.

**10.2 Chemical stability**

Stable under normal storage conditions.

**10.3 Possibility of hazardous reactions**

No data available.

**10.4 Conditions to avoid**

Keep away from incompatible materials.

**10.5 Incompatible materials**

Strong oxidizers, acids, bases.

**10.6 Hazardous decomposition products**

No data available.

---

**SECTION 11: Toxicological information**

**Information on toxicological effects**

Likely Routes of Exposure: Eye contact. Skin contact. Inhalation. Ingestion.

If inhaled No adverse effects are normally expected.

In case of skin contact May cause an allergic skin reaction. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.

In case of eye contact May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.

If swallowed May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.

Chronic exposure

Suspected of damaging fertility or the unborn child.

**Acute toxicity**

Based on available data, classification data are not met

**Skin corrosion/irritation**

Based on available data, classification data are not met

**Serious eye damage/irritation**

Based on available data, classification data are not met

**Respiratory or skin sensitization**

May cause an allergic skin reaction

**Germ cell mutagenicity**

No data available

**Carcinogenicity**

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

**Reproductive toxicity**

Suspected of damaging fertility or the unborn child

Components:

Product contains Cannabidiol (CAS no.: 13956-29-1), which is suspected of damaging fertility or the unborn child.

**STOT-single exposure**

No data available

**STOT-repeated exposure**

No data available

**Aspiration hazard**

Based on available data, classification data are not met

---

**SECTION 12: Ecological information**

**Toxicity**

No data available on product.

**Persistence and degradability**

No data available on product.

**Bioaccumulative potential**

No data available on product.

**Mobility in soil**

No data available on product.

**Results of PBT and vPvB assessment**

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted.

**Other adverse effects**

No ecological problems are to be expected when the product is handled and used with due care and attention.

---

**SECTION 13: Disposal considerations**

**Disposal of the product**

Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

**Disposal of contaminated packaging**

Dispose of as unused product.

---

**SECTION 14: Transport information**

**DOT (US)**

Not dangerous goods

**IMDG**

Not dangerous goods

**IATA**

Not dangerous goods

---

**SECTION 15: Regulatory information**

**15.1 Safety, health and environmental regulations specific for the product in question**

**SARA 302 Components**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 311/312 Hazards**

Acute and Chronic health hazards.

**SARA 313 Components**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

Name Canna River, LLC  
Address 2535 Conejo Spectrum St.  
Thousand Oaks, CA 91320  
USA

Telephone 805-375-2777

#### 1.5 Emergency phone number(s)

805-375-2777

---

### SECTION 2: Hazard identification

#### 2.1 Classification of the substance or mixture

GHS classification in accordance with: (US) OSHA (29 CFR 1910.1200)

- Sensitization, skin, Cat. 1
- Toxic to reproduction, Cat. 2

#### 2.2 GHS label elements, including precautionary statements

##### Pictogram

##### Signal word

Warning

##### Hazard statement(s)

H317  
H361

May cause an allergic skin reaction  
Suspected of damaging fertility or the unborn child

##### Precautionary statement(s)

P201  
P202

Obtain special instructions before use.  
Do not handle until all safety precautions have been read and understood.

P261	Avoid breathing fume/gas/mist/vapors/spray.
P272	Contaminated work clothing must not be allowed out of the workplace.
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P302+P352	IF ON SKIN: Wash with plenty of water.
P308+P313	IF exposed or concerned: Get medical advice/attention.
P333+P313	If skin irritation or rash occurs: Get medical advice/attention.
P363	Wash contaminated clothing before reuse.
P405	Store locked up.
P501	Dispose of contents/container in accordance with applicable Federal, State and local laws and regulations.

### 2.3 Hazards not otherwise classified (HNOC)

No data available

---

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Not applicable.

### 3.2 Mixtures

#### Components\*

Component	Concentration
Natural Flavors - Peppermint	10-12 %
Cannabidiol (CAS no.: 13956-29-1)	9-11 %
Delta-9-Tetrahydrocannabinol (CAS no.: 1972-08-3)	<0.3 %

\*The specific chemical identities and/or actual concentrations for one or more listed components are being withheld as trade secrets under the US regulation 29 CFR 1910.1200(i).

---

## SECTION 4: First-aid measures

### 4.1 Description of necessary first-aid measures

If inhaled	Remove to fresh air and promote deep breathing. Get medical attention if effects persist.
In case of skin contact	Get medical attention if irritation or rash develops or persists. Wash with plenty of soap and water.
In case of eye contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical attention.
If swallowed	Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.

### 4.2 Most important symptoms/effects, acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11.

If inhaled	No adverse effects are normally expected.
In case of skin contact	May cause an allergic skin reaction. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.
In case of eye contact	May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.
If swallowed	May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.
Chronic exposure	Suspected of damaging fertility or the unborn child.

**4.3 Indication of immediate medical attention and special treatment needed, if necessary**  
Treat symptomatically.

---

**SECTION 5: Fire-fighting measures**

**5.1 Suitable extinguishing media**

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**5.2 Specific hazards arising from the chemical**

No data available.

**5.3 Special protective actions for fire-fighters**

Wear self-contained breathing apparatus for firefighting if necessary.

**Further information**

No data available

---

**SECTION 6: Accidental release measures**

**6.1 Personal precautions, protective equipment and emergency procedures**

Wear personal protection recommended in Section 8. Ensure adequate ventilation.

**6.2 Environmental precautions**

Do not release into the environment.

**6.3 Methods and materials for containment and cleaning up**

Soak up with inert absorbent material and dispose in accordance with applicable Federal, State and local laws and regulations.

**Reference to other sections**

For disposal see section 13.

---

**SECTION 7: Handling and storage**

**7.1 Precautions for safe handling**

Handle in accordance with good industrial hygiene and safety practices. Avoid contact with eyes. Avoid repeated or prolonged contact with skin. Keep out of reach of children.

**7.2 Conditions for safe storage, including any incompatibilities**

Keep container tightly closed in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

**Specific end use(s)**

Apart from the uses mentioned in section 1 no other specific uses are stipulated.

---

**SECTION 8: Exposure controls/personal protection**

**8.1 Control parameters**

No applicable substance specific occupational exposure limits

**8.2 Appropriate engineering controls**

Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.

**8.3 Individual protection measures, such as personal protective equipment (PPE)**

**Eye/face protection**

Safety glasses are recommended if eye exposure risk exists during product handling/processing.

**Skin protection**

Protective gloves, such as nitrile gloves, are recommended in case of prolonged/repeated exposure during product handling/processing.

**Body protection**

The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

**Respiratory protection**

Provide adequate ventilation. Respiratory protection is not required under normal use conditions. If engineering controls and ventilation are not sufficient to control exposure to below the allowable limits then an appropriate NIOSH/MSHA approved air-purifying respirator with organic vapor/acid gas cartridge and particulate filter, or self-contained breathing apparatus must be used.

**Thermal hazards**

No data available.

**Environmental exposure controls**

Do not release into the environment.

---

**SECTION 9: Physical and chemical properties**

**Information on basic physical and chemical properties**

Appearance/form (physical state, color, etc.)	Pink hue to amber liquid.
Odor	Characteristic.
Odor threshold	No data available.
pH	No data available.
Melting point/freezing point	No data available.
Initial boiling point and boiling range	No data available.
Flash point	No data available.
Evaporation rate	No data available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability limits	No data available.

Upper/lower explosive limits	No data available.
Vapor pressure	No data available.
Vapor density	No data available.
Relative density	No data available.
Density	No data available.
Solubility(ies)	Not miscible or difficult to mix with water.
Partition coefficient: n-octanol/water	No data available.
Auto-ignition temperature	No data available.
Decomposition temperature	No data available.
Viscosity	No data available.
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.

**Other safety information**

No data available.

---

**SECTION 10: Stability and reactivity**

**10.1 Reactivity**

Non-reactive under normal use conditions.

**10.2 Chemical stability**

Stable under normal storage conditions.

**10.3 Possibility of hazardous reactions**

No data available.

**10.4 Conditions to avoid**

Keep away from incompatible materials.

**10.5 Incompatible materials**

Strong oxidizers, acids, bases.

**10.6 Hazardous decomposition products**

No data available.

---

**SECTION 11: Toxicological information**

**Information on toxicological effects**

Likely Routes of Exposure: Eye contact. Skin contact. Inhalation. Ingestion.

If inhaled No adverse effects are normally expected.

In case of skin contact May cause an allergic skin reaction. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.

In case of eye contact May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.

If swallowed May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.

Chronic exposure

Suspected of damaging fertility or the unborn child.

**Acute toxicity**

Based on available data, classification data are not met

**Skin corrosion/irritation**

Based on available data, classification data are not met

**Serious eye damage/irritation**

Based on available data, classification data are not met

**Respiratory or skin sensitization**

May cause an allergic skin reaction

**Germ cell mutagenicity**

No data available

**Carcinogenicity**

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

**Reproductive toxicity**

Suspected of damaging fertility or the unborn child

Components:

Product contains Cannabidiol (CAS no.: 13956-29-1), which is suspected of damaging fertility or the unborn child.

**STOT-single exposure**

No data available

**STOT-repeated exposure**

No data available

**Aspiration hazard**

Based on available data, classification data are not met

---

**SECTION 12: Ecological information**

**Toxicity**

No data available on product.

**Persistence and degradability**

No data available on product.

**Bioaccumulative potential**

No data available on product.

**Mobility in soil**

No data available on product.

**Results of PBT and vPvB assessment**

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted.

**Other adverse effects**

No ecological problems are to be expected when the product is handled and used with due care and attention.

---

**SECTION 13: Disposal considerations**

**Disposal of the product**

Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

**Disposal of contaminated packaging**

Dispose of as unused product.

---

**SECTION 14: Transport information**

**DOT (US)**

Not dangerous goods

**IMDG**

Not dangerous goods

**IATA**

Not dangerous goods

---

**SECTION 15: Regulatory information**

**15.1 Safety, health and environmental regulations specific for the product in question**

**SARA 302 Components**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 311/312 Hazards**

Acute and Chronic health hazards.

**SARA 313 Components**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**HMIS Rating**

Full Spectrum Peppermint CBD Tincture - 5000mg	
HEALTH	2*
FLAMMABILITY	1
PHYSICAL HAZARD	0

**NFPA Rating**

## SECTION 4: First-aid measures

### 4.1 Description of necessary first-aid measures

If inhaled	Remove to fresh air and promote deep breathing. Get medical attention if effects persist.
In case of skin contact	Get medical attention if irritation or rash develops or persists. Wash with plenty of soap and water.
In case of eye contact	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical attention.
If swallowed	Call a poison center or doctor if you feel unwell. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person.

### 4.2 Most important symptoms/effects, acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2) and/or in section 11.

If inhaled	No adverse effects are normally expected.
In case of skin contact	May cause an allergic skin reaction. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.
In case of eye contact	May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.
If swallowed	May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.
Chronic exposure	Suspected of damaging fertility or the unborn child.

**4.3 Indication of immediate medical attention and special treatment needed, if necessary**  
Treat symptomatically.

---

**SECTION 5: Fire-fighting measures**

- 5.1 Suitable extinguishing media**  
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.
- 5.2 Specific hazards arising from the chemical**  
No data available.
- 5.3 Special protective actions for fire-fighters**  
Wear self-contained breathing apparatus for firefighting if necessary.

**Further information**  
No data available

---

**SECTION 6: Accidental release measures**

- 6.1 Personal precautions, protective equipment and emergency procedures**  
Wear personal protection recommended in Section 8. Ensure adequate ventilation.
- 6.2 Environmental precautions**  
Do not release into the environment.
- 6.3 Methods and materials for containment and cleaning up**  
Soak up with inert absorbent material and dispose in accordance with applicable Federal, State and local laws and regulations.
- Reference to other sections**  
For disposal see section 13.

---

**SECTION 7: Handling and storage**

- 7.1 Precautions for safe handling**  
Handle in accordance with good industrial hygiene and safety practices. Avoid contact with eyes. Avoid repeated or prolonged contact with skin. Keep out of reach of children.
- 7.2 Conditions for safe storage, including any incompatibilities**

Keep container tightly closed in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

**Specific end use(s)**

Apart from the uses mentioned in section 1 no other specific uses are stipulated.

---

**SECTION 8: Exposure controls/personal protection**

**8.1 Control parameters**

No applicable substance specific occupational exposure limits

**8.2 Appropriate engineering controls**

Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.

**8.3 Individual protection measures, such as personal protective equipment (PPE)**

**Eye/face protection**

Safety glasses are recommended if eye exposure risk exists during product handling/processing.

**Skin protection**

Protective gloves, such as nitrile gloves, are recommended in case of prolonged/repeated exposure during product handling/processing.

**Body protection**

The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

**Respiratory protection**

Provide adequate ventilation. Respiratory protection is not required under normal use conditions. If engineering controls and ventilation are not sufficient to control exposure to below the allowable limits then an appropriate NIOSH/MSHA approved air-purifying respirator with organic vapor/acid gas cartridge and particulate filter, or self-contained breathing apparatus must be used.

**Thermal hazards**

No data available.

**Environmental exposure controls**

Do not release into the environment.

---

**SECTION 9: Physical and chemical properties**

**Information on basic physical and chemical properties**

Appearance/form (physical state, color, etc.)	Clear yellow hue to amber liquid.
Odor	Characteristic.

**SECTION 9: Physical and chemical properties**

**Information on basic physical and chemical properties**

Appearance/form (physical state, color, etc.)	Clear yellow hue to amber liquid.
Odor	Characteristic.
Odor threshold	No data available.
pH	No data available.
Melting point/freezing point	No data available.
Initial boiling point and boiling range	No data available.
Flash point	No data available.
Evaporation rate	No data available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability limits	No data available.
Upper/lower explosive limits	No data available.
Vapor pressure	No data available.
Vapor density	No data available.
Relative density	No data available.
Density	No data available.
Solubility(ies)	Not miscible or difficult to mix with water.
Partition coefficient: n-octanol/water	No data available.
Auto-ignition temperature	No data available.

Decomposition temperature  
Viscosity  
Explosive properties  
Oxidizing properties

No data available.  
No data available.  
Not explosive.  
Not oxidizing.

**Other safety information**  
No data available.

---

## **SECTION 10: Stability and reactivity**

### **10.1 Reactivity**

Non-reactive under normal use conditions.

### **10.2 Chemical stability**

Stable under normal storage conditions.

### **10.3 Possibility of hazardous reactions**

No data available.

### **10.4 Conditions to avoid**

Keep away from incompatible materials.

### **10.5 Incompatible materials**

Strong oxidizers, acids, bases.

### **10.6 Hazardous decomposition products**

No data available.

---

## **SECTION 11: Toxicological information**

### **Information on toxicological effects**

Likely Routes of Exposure: Eye contact. Skin contact. Inhalation. Ingestion.

If inhaled

No adverse effects are normally expected.

In case of skin contact

No adverse effects are normally expected. May cause an allergic skin reaction in highly susceptible individuals. Prolonged and repeated exposure may cause skin irritation. Signs/symptoms may include localized redness, itching, rash, and hives.

In case of eye contact

May cause mild eye irritation. Signs/symptoms may include redness, swelling, pain, tearing, and blurred or hazy vision.

If swallowed

May cause gastrointestinal irritation and other adverse effects. Signs/symptoms may include abdominal pain, stomach upset, nausea, vomiting and diarrhea.

Chronic exposure

Suspected of damaging fertility or the unborn child.

### **Acute toxicity**

Based on available data, classification data are not met

### **Skin corrosion/irritation**

Based on available data, classification data are not met

**Serious eye damage/irritation**

Based on available data, classification data are not met

**Respiratory or skin sensitization**

No data available

**Germ cell mutagenicity**

No data available

**Carcinogenicity**

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

**Reproductive toxicity**

Suspected of damaging fertility or the unborn child

Components:

Product contains Cannabidiol (CAS no.: 13956-29-1), which is suspected of damaging fertility or the unborn child.

**STOT-single exposure**

No data available

**STOT-repeated exposure**

No data available

**Aspiration hazard**

Based on available data, classification data are not met

---

**SECTION 12: Ecological information**

**Toxicity**

No data available on product.

**Persistence and degradability**

No data available on product.

**Bioaccumulative potential**

No data available on product.

**Mobility in soil**

No data available on product.

**Results of PBT and vPvB assessment**

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted.

**Other adverse effects**

No ecological problems are to be expected when the product is handled and used with due care and attention.

---

## SECTION 13: Disposal considerations

### Disposal of the product

Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

### Disposal of contaminated packaging

Dispose of as unused product.

---

## SECTION 14: Transport information

### DOT (US)

Not dangerous goods

### IMDG

Not dangerous goods

### IATA

Not dangerous goods

---

## SECTION 15: Regulatory information

### 15.1 Safety, health and environmental regulations specific for the product in question

#### SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

#### SARA 311/312 Hazards

Chronic health hazard.

#### SARA 313 Components

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

#### HMIS Rating

Full Spectrum Watermelon CBD Tincture - 5000mg	
HEALTH	0*
FLAMMABILITY	1
PHYSICAL HAZARD	0

#### NFPA Rating

---

## SECTION 16: Other information

**16.1 Further information/disclaimer**

Date of issue: October 21, 2021.

DISCLAIMER: The information above is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigation to determine the suitability of information for their particular purposes. All materials may present unknown hazards and should be used with caution. In no event shall we be held liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, whatsoever arising, even if we have been advised of the possibility of such damages.
